MilliCare Products Earn Green Seal Certification

LaGRANGE, Ga., Nov. 24, 2008 – MilliCare, a leading provider of commercial textile and carpet care services, is proud to announce that its core product line has received the coveted Green Seal certification. MilliCare's pre-mist and dry polymer carpet cleaner earned Green Seal's GS 37 certification for industrial and institutional cleaners. These products were analyzed by the independent Green Seal organization to ensure that every facet of their production and chemical components is environmentally responsible.

Green Seal is an independent non-profit organization dedicated to safeguarding the environment and transforming the marketplace by promoting the manufacture, purchase, and use of environmentally responsible products and services. Certification through Green Seal requires rigorous evaluation, testing and a plant visit.

"We are very pleased that our products have received this prestigious third party environmental recognition," said Stephen Lewis, technical director for MilliCare Textile and Carpet Care. "This endorsement underscores the confidence that our network and our customers share in the MilliCare line of products. We have worked hard to ensure that our system is friendly both to the user and the environment; we are pleased to be recognized for our achievements.

MilliCare Earns Green Seal Certification

MilliCare's Green Seal evaluations were based on state-of-the-art science and information using internationally recognized methods and procedures. Green Seal certification is one of the third party certifications required for carpet cleaning products as part of LEED-EB:O&M. MilliCare's Green Seal status allows them now to provide a valuable service to customers looking for LEED-EB:O&M certification, as MilliCare's products meet its strenuous requirements.

About MilliCare

MilliCare provides textile and carpet cleaning services internationally for Fortune 500 companies, government agencies, airports, hotels and other public places. MilliCare provides facility managers with the products, services and knowledge they need to implement long-term maintenance plans that increase operational efficiencies and prolong the life-cycles of textiles and carpet. The company's global network of more than 80 franchise partners consists of an integrated team of cleaning, manufacturing, retailing and other business professionals.
